Animation Experience

Animator, Thesis, *Forest Training*, Fairleigh Dickinson University

May 2025

- Created a 2-minute long 3D animation for my thesis project in my last semester
- All assets made in 3Ds Max and placed in unreal engine where the animation was done

Designer, 3D Enviromental Modeling, *Mystical Forest*, Fairleigh Dickinson University

December 2024

- Created an 3D environment of a mystical arena set in a forest based on my original content
- Assets made in 3Ds Max and where placed in Unreal Engine

Animator, 3D Animation, *Factory Kart Race*, Fairleigh Dickinson University

April 2024

- Created an animation of a Mario Kart styled race set in a factory; inspired by race setting in Mario Kart Wii

Animator, 2D Animation, *At The Top of The Tree*, Bergen Community College

May 2022

- Created a 2-minute animation of a digitally drawn stick figure to feel like an old silent short film
- Inspired by the type of animated films in the 1920's without music or sounds, just two characters interacting

Work Experience

Graphic & Website Designer, Rockland Teachers Center Institute, New Jersey

June 2024-Present

- Revamped the organization's website by animating logos, creating custom graphics, improving layout, and enhancing accessibility for a better user experience.
- Designed visuals and supported content creation, boosting social media engagement and brand visibility.
- Led social media campaigns across platforms, using AI tools like Adobe Firefly to streamline design while maintaining quality.
- Created marketing materials for graduate programs using Adobe Creative Suite, Canva, and AI design tools.
- Recognized for quality work and collaboration, leading to ongoing freelance and contract roles with them.
