ANIMATION ACADEMIC PROJECTS

- Animator**, Thesis, *Forest Training* **May 25**
- Created a 2-minute, 3D animation for senior thesis project about one of my characters in a forest
 - Utilized 3Ds Max and placed assets in unreal engine where the animation was done
- Designer**, 3D Environmental Modeling, *Mystical Forest* **Dec 24**
- Created 3D environment of mystical arena set in a forest based on my original content
 - Assets made in 3Ds Max and where placed in Unreal Engine
- Animator**, 3D Animation, *Factory Kart Race* **Apr 24**
- Created an animation of a Mario Kart styled race set in a factory; inspired by race setting in Mario Kart Wii
- Animator**, 2D Animation, *At The Top of The Tree*, Bergen Community College **May 2022**
- Created a 2-minute animation of a digitally drawn stick figure to feel like an old silent short film
 - Inspired by 1920s animated films without music or sounds-- just two characters interacting

WORK EXPERIENCE

- Graphic & Website Designer**, Rockland Teachers Center Institute, Haverstraw, NY **Jun 24-present**
- Revamped website by animating logos, creating custom graphics, improving layout, and enhancing accessibility for better user experience
 - Designed visuals and supported content creation, boosting social media engagement and brand visibility
